Remaining 'extra' Neurology funds

The section has ~\$300K/year in unallocated funds left. How would you recommend we use it? Across the board, on consults, new items, increasing allowed number of certain codes?

Go to the Website, and use the Member initiated blog to give some feedback.

The Member's only section has a simple password. I will be sending this password out in a separate email to all paid members of our section. Unpaid members – please join to get access to this part of the site:

Neurology members of the Doctors of BC Section of Neurology can find useful information here and have online discussions with each other.
