We would like to invite you to attend the upcoming 23rd annual
2019 Forefronts in Neurology meeting being held September 27-29, 2019 in
Whistler, BC.

Forefronts in Neurology is an educational event directed to the practicing neurologists of British Columbia.
Each year the meeting focuses on evidence-based reviews, new trends and controversial topics in neurology.

Objectives for 2019 Forefronts in Neurology include:

- Discuss new advances in the fields of stroke, epilepsy, multiple sclerosis, migraine, neuromuscular disorders, movement disorders and dementia
- Recognize treatable, adult-onset metabolic disorders
- Discuss the ethical implications of the high cost of new therapeutic agents
- Recognize and treat refractory status epilepticus, and be aware of recent recognized autoimmune cases of epilepsy
- Describe an approach to autoimmune peripheral nervous system disorders

2019 Registration Includes: General Registration fee, welcome reception/dinner, breakfasts/nutrition breaks, Forefronts dinner and two nights accommodation at the Hilton Whistler Resort (Please note: ground/air travel, telephone charges, parking, room service and other incidental expenses will be the responsibility of the registrant).
